

Remember your grandmother
 you are too much troubled &
 shut to enjoy my visit
 as you otherwise would
 but I will try to help
 you to be more happy
 I am your slave & servant
 your friend and admirer
 home in the summer
 hear and hear all
 the buzzings that my
 father has told me that
 I was in the bush I had
 no conception of them then
 my home is a wonderful
 mansion but I of the
 most beautiful material
 that ever came to my

There are flowers and knick-
knacks and lovely rooms
filled with all kinds of
furniture that you
could not find anywhere else.

For I am not like
only one that lives in
my home but there is
a beautiful spirit that
was once a great

follower of Christ and
lover of his fellow man.
Our homes full of the
finest kind of anything
that makes a home.

only we have many friends
who visit us and whom we
visit. We do the work
of the day in the morning

spend the evening
in the hall of the
the love of this place

We are not singing all
the time but we have
a great deal of happy
music and laughter
and love

Yours truly

You are my true
brother and will soon
have the love of our
father in your heart
Be not discouraged
or cast down for the
Holy Spirit will soon
fill your heart with the
love of the father and
then you will be
most happy and

full of light and
power to help your
self and your fellow

man. Go to your
father for his help
Go in prayer. firmly
believing and you
will soon feel his
love in your heart
My loveings I send
you will receive in
the course of time

and you will then
see that your understanding
will be so greatly enlarged
that you will know
that I am the Father
only some 40 years
before a few nights
ago

You can and you
will see that you need
not go through the
trouble in the spirit
world
I was not concerned by

the Holy Ghost as his light
by the heavens and stars
who are now leading
us on in the light
of their churches -

I was born as you
were born and my
entirely fatherly light
I was cured by the
Holy Ghost in the sense
that I was born free
of sin and error while
all other human beings
were born in sin and error
I was never a human

being so far as my spiritual
existence is concerned it
was always free from
any and every stain

I had all the feelings of
a creature of clay
a human being which
were not of course
My love was human
as well as spiritual

and it was subject
to all the feelings
of sympathy and love
that any other human
being was capable of

understand that I was
a man of letters
and longings for the

pleasures of the world
which the human
passions created I was
not only able to
feel and know the
sufferings and desires
of humanity

Yes I will and you
will learn that many
wars were wrought by
the will of the people

must show you that the
many alleged sayings
of mine were not said
by me or did not have

any linkings of the
truth

Her linkings do not
exhibit the true meaning
of truth and love as
I taught it then
She is in error as to
the idea that it
means that God
is shut and only
a shut of truth
It is a shut of everything
that belongs to the

truths of his being
He is not only mind
but heart soul and
heart soul and love

He is right in
saying that he is a
lover of love but wrong

in saying that he

is a lover of love

You are his work
to write more

You have my blessing
and also the hope of
the whole world
