

Sept 29th 1914

Christ Jesus
here and wishes to write
to you about the love
of God and the needs
of mankind -

Let your mind be free from
all thoughts of evil and
see the love of God reaching
out for every man so that

the mearest will be the
object of his care. Do not
let the thought that He is
only loving the good
and righteous lead you

think that you must seek

the company of these four

and enter by the door of

of your efforts to show

them the way to life

You will have an opportunity

to back all men with

the love of God for his

children and that they

are the children of his

greatest care and love

Be only earnest in

your efforts to reach

the world which

shall teach you every com-
munications and you will be

a successful learner in
the work which the
Father has designed
to do. Give your best
endeavors to the hearing
of the messages and you
will not only see the
results that I intended

but you will also
also will hasten the
coming of the Kingdom
in your own life and
that of the world.
I am your loving Father
and I will be with you for

you are the instrument that
I wish to use in my way
or perhaps you will
be glad to do so

My race has had to
the trust that I shall see
you in your own life
with the cause of the
world and you for
what ever may be
the result

Keep on a more enlarged
and beautiful way
and you will be my
true follower - L. A. B.

Lead you to the fountain head
of all that the Father of
Heaven wishes for humanity

My own love and power
will guide you and keep
you in the way of light
and truth that you may
teach to your fellowmen

Your own soul must be

first purified and then
you will be able to show
to these the hours and
what it means for them

You are not to seek the help
of other sharks.

Each you the luck of
my father's business the
only one that has
the power to save
from their sins and
the but and counsel

Let other things do that
you mind to work for
the lack of before you
The world needs a new

anatomy and the infidelity
and belief of men who think
the world was made by God
