I am here. Helen.

You are my love and I want you to love me with your whole heart. Be my own Ned. You had better not write much tonight for you are not in good condition.

Go to bed early and you will feel better in the morning. You must not let me take up too much of your time tonight as I am going to let your grandmother write awhile.

You must not forget to pray for me as usual with many kisses.

You are too nervous to write much to night, and all that I want to say is that you must believe that Jesus writes to you. He is in truth the Jesus of the Bible and you must believe that he is. You have the evidence of all of us and your own conscience tells you that he is the true Jesus. Let not the talk of the other spirits or of men cause you to disbelieve in his writing to you.

Your grandmother.

You are too nervous to write much tonight, and all that I want to say is that you must believe that Jesus writes to you. He is in truth the Jesus of the Bible and you must believe that he is. You have the evidence of all of us and your own conscience tells you that he is the true Jesus. Let not the talk of the other spirits or of men cause you to disbelieve in his writing to you as I declare that he is the true Jesus.

When he comes again.

He will come soon, and you must believe or he will not be able to write as he desires. He is only trying to teach you the things that you should know at this time. He will teach you all the truths as you progress in your belief and faith in him. Be only a deserving man and you will learn those things which will make the world take notice and hearken to his truths. He is not going to teach the mysteries of his birth and resurrection at this time, but will later.

Let him write as he thinks best and do not ask questions until he finishes his book. He will teach in the manner that he wants you to understand. Let him teach as he thinks proper. Give him your love and believe in him. He will not let you go wrong in what you write and you will be much surprised by what he teaches, as he says that many things taught in the Bible are not true. They were written by men who did not understand the inner meanings of his teachings.

You are not worthy, I know, but he says that you will be purified, and will have the Holy Spirit to such a degree that you will be able to understand what he means, and can write the truths as he intends them to be made known. He loves you now and will love you more than you can ever understand. He is only waiting for you to get in proper condition of soul and mind and body to take down his messages.

He does help you very much and so does the Holy Spirit. Do not let anything keep you from obeying him. You will progress wonderfully and will soon be a new man in your spiritual life. All spirits do not know him, only those who have been awakened

into life and love. Your father and mother know him, and so does Helen, because she is now seeking his assistance and love. She is progressing very rapidly in her spiritual condition and will soon be in the third sphere where she will see and learn many truths that she does not now know. She will become a beautiful spirit and will love you with a constant and true love. She is your soul mate and she will wait for you. Yes, you can and you will if you will only listen to Jesus and obey his commandments. You are in the way now and if you only continue to pray to the Father and believe his truths, you will become a good and pure man; only do not let the things of the world lead you astray.

Go to the Lord in very time of trouble and he will help you. Do not doubt. You are very near the kingdom and only need a little more of the Holy Spirit to make you a new man.

They (Colburns) are not yet in the way of truth as they must be in order to enjoy the blessings of the Spirit. You must try to help them as you will be able with the help of the Spirit. They are very good people but are not of those who have received the New Birth. They depend too much on the communications which they receive from spirits who are of worldly prominence or who lived many years ago. These spirits are not all of the highest spheres and do not know the love of the truths of God. They are only spirits who have lived in the spirit world for a long time, but they have not progressed spiritually as he might suppose. Let them tell him of the days and times when they lived but he will not be particularly benefitted by those things.

He may have done so, but they do not seem to have told him many spiritual truths. They only told him of the things that are wonderful as descriptive of the life on earth and also of the life in this world; but they are not of the higher spiritual things which are absolutely necessary to progress towards the fountainhead of God's truths and the heavenly spheres.

He is in error. Jesus is writing to you and is not afar up in the heavens sitting on the right hand of God. The baptism of water will not save the soul from sin; only the workings of the Holy Spirit will do that. God does not want the worship of men in any other way than in spirit and in truth. No baptism of water

or other ceremony will save a soul from sin and man must not rely on that for his salvation.

You must stop writing now.
